Kavli Institute for Astronomy and Astrophysics at Peking University

Yonsei-KIAA Workshop on Galaxy Evolution

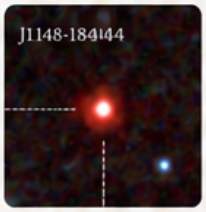

January 31 – February 3, 2027
Yonsei University, Seoul, Korea

About the Workshop

The Yonsei-KIAA Workshop on Galaxy Evolution brings together astronomers from Yonsei University and the Kavli Institute for Astronomy and Astrophysics at Peking University to discuss recent progress and future prospects in galaxy evolution across cosmic time. The workshop will foster collaboration and exchange of ideas on a wide range of topics, from the high-redshift universe to nearby galaxies and upcoming large-scale surveys.

Scientific Topics

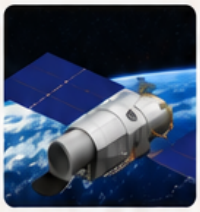

High-z Galaxies

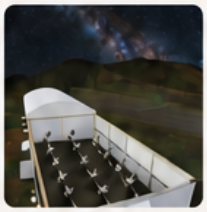

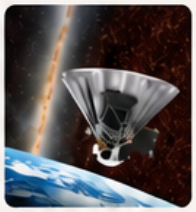

Little Red Dots

AGNs

Nearby Galaxies

CSST

7DS

SPHEREx

Invited Speakers

Sukyoung Yi	Yonsei University
Myungshin Im	Seoul National University
Woong-seob Jeong	KASI
Jinyi Shangguan	KIAA, Peking University
Jeong Hwan Lee	Seoul National University
Kyuseok Oh	KASI

Scientific Organizing Committee

Minjin Kim	Yonsei University (Co-chair)
Luis C. Ho	KIAA, Peking University
Jinyi Shangguan	KIAA, Peking University (Co-chair)
